A black and white photograph of a woman with long, light-colored hair, smiling and standing on a wooden deck. She is wearing a dark, button-up jacket over a light-colored collared shirt and dark trousers. She is surrounded by dense foliage and trees, with sunlight filtering through the leaves. The text "BLUFF" Editor is overlaid on the bottom right of the image.

Cheerleaders,
I thought about the word, but somehow
it meant more than just to lead cheers.
It meant setting an example for the
entire student body. They did. Many
followed.

Coach Bill Arment

These men are the seniors on the 1976 track squad. From left to right they are Tracy Edington, Steve Ijames, Jay Gulley, Mike Moss, David Harget, and Nat Scott.

Mile Relay team will probably be the best in Southeast Missouri. They are Greg Allen, Ronny Thomas, Mike Moss, and Ed Alexander.

Bud Ferguson prepares to release the shot while Bart Warren looks on. Ferguson should be strong for the Mules.

Tracy Edington seems to float over that bar as he exercises one of his specialties. Edington is one of the squad's leading scorers.

Distance runners make up a large and vital part of the team. Jay Gulley, David Harget and Nat Scott are the only long-winded seniors.

Mark Harrell stretches with a few warm up throws. He is the only Mule to take up the art of throwing the discus.

RIGHT: Mike Kirkeby clears the bar with ease. Steve Ijames, also a vaulter, catches Kirkeby's pole.

BELOW: The Edingtons, Joey and Tracy are strong in the hurdles. Tracy should be number one in this part of the state.

RIGHT: Dale Vertis Hinton will be the Mules' leading triple jumper. He is the school record holder.

Outstanding in their events, a few Mules have dedicated themselves to the P.B. track culture. Tracy Edington, Mike Moss, Jay Gulley, Dale Vertis Hinton, and Mark Poston will strive to accomplish the goals they achieved in the past and to gain the victories once lost. The 1976 track squad should be one of the all time greats of Poplar Bluff.

The Mules are out with a rather young relay team. The members are Mike Moss, Billy Hayes, Kenny Battles, and Frank Harris.

The two mile relay team has a good chance of breaking the school record. David Harget, Nat Scott, Tony Anderson, and Jay Gulley are the members.

The sprinters are Ronny Thomas, Frank Harris, Kenny Battles, Mike Moss, Bill Hayes, and Malcomb Blackman.

BOTTOM ROW L-R: Marshal Jognson, Mike Dunlap, Tom Meyer, Randy Williams, Verlin Luna, Richard Cox, Kurt Di Cirio, Keith Roberts, Keith Montgomery, Kevin Hoggard, Danial Ward, Richard Godwin, Roger Canial, Don Foust, Wesley Lewis, Steve Johnson, Mike Brown, John Steir, John Nelson.

*What Is A
Sophomore?*

Class officers at top left are: Mike Caldwell, Debbie Wylie, Linda Nicolini, and Kim Donnellan.

Mike Caldwell — A sophomore is an upper classman minus his license and his razor.

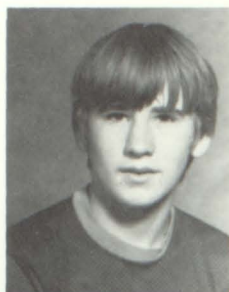

Mike Quay — A sophomore is a person who will back his class no matter how far in debt they are.

Bryan Keathley — An upper-lower classman.

Kathy Hargrave — A sophomore is a student who considers picking on freshmen a major responsibility.

Karen Wicker — A sophomore is a student who gives all the juniors and seniors a look of contempt.

James Hawes; President

Gail Douglas; Vice-President

What Is A Freshman?

James Hawes: A freshman is a person being something for his or her first time. He's new on the job and is eager to learn what his responsibilities are. The Freshmen of 1975-76 will be the greatest ever.

Gail Douglas: The beginning of a four year struggle.

Treena Preenzel: A freshman is a person that has a special kind of determination.

Penny Kimes: Freshmen are people that only go around once and we want to grab all the gusto in life that we can.

TRAINING WHEELS

Yes. Go to school and buy new wheels, too. You can make it happen in the Air Force. It's great training. The kind that will provide a great future . . . and over \$344 and more a month for wheels and go-places, do-things action while you're learning such high paying skills as computer technician, aircraft mechanic, accountant, electronic technician or one of dozens of other technical or business specialties. You'll receive some extra benefits, too — like paid vacations, promotions, free medical and dental care. Get all the details from your Air Force recruiter today.

Look up. Be looked up to. Air Force

Bluff Staff would like to commemorate the ten years of loyalty and dedicated service offered to P.B.H.S. by Mrs. Sarah Latreece Scirocco.

It's graduation and it's hard to believe that I've made it this far. My name will be called in a few minutes, and I'll walk up to receive my diploma . . . where do I go from there? I've always had the security of the school routine and its activities, surrounded by the friends I have come to know so well. Now we will all be taking different roads leading us in different directions; I wonder how long it will be before the present will be changed into the past. After twelve years of this you would think I would be ready to move on, but I feel like I'm leaving a part of me behind. Well, pretty soon they'll get to my name. Then I'll be up there, and it'll be all over. I've learned so much in the last four years that it will seem like the end, but in a way, I guess everything is really just beginning.

Yeah, I'm a senior, so what about it? So there's only two weeks left of school, and then I'm out in the big world. Can't wait until graduation night . . . it's gonna be great. I'll shuffle up front, grab that diploma, say, "thank you sir," and run. S'pose I don't know where I'm running to, though. Before, all I did was follow the rest of the crowd. I knew I could always find someone at a game, a party, Pizza Inn, or hanging around at the gym after school. But now it's gonna be different. We're all going to take off from this place and try to make it on our own. Listen to this guy - letting graduation get to him after twelve years of being pushed around. Oh gosh . . . Yea, it's time to make the scene in class . . . guess I might even miss that when it's over. We'll see ya later, buddy! Thanks, see ya, bye.

“Sometimes”

Sometimes, not often enough, we reflect upon those little things. And those thoughts always center around those we love. And I think about those people, who mean so much to me and for so many years have made me so very happy. And I count the times I have forgotten to say Thank-You and just how much I love them.
